

Dear Sirs,

I would like to encourage you to vote against the expansion of LPFM. They do not welcome all members of the community to participate, people who have different views then them are discouraged from being part of a community station. Two examples are WRFR LP Rockland, ME and WSCA LP Portsmouth, NH. I have experienced this 1st hand. If you have any questions please contact me, and again do not expand any LPFM stations, if any decrease the licenses.

Respectfully,

Dan Buckman
